SUMMARY

American Development Institute (ADI) was retained by the Division of Energy Resources (MA - DOER) to prepare a scoping energy audit for a number of municipal buildings and school department buildings for the City of Gardner, Massachusetts.

In particular, an energy study for the Gardner Greenwood Memorial Swimming Pool was commissioned in order to identify cost-effective energy conservation measures (ECMs) that would qualify for funding under the Energy Conservation Improvement Program (ECIP). The ECIP may fund a portion of this project.

Overall value: \$2,490
Annual savings: \$1,200
Size: 12,420 sq. ft.
Payback: 2.1 years

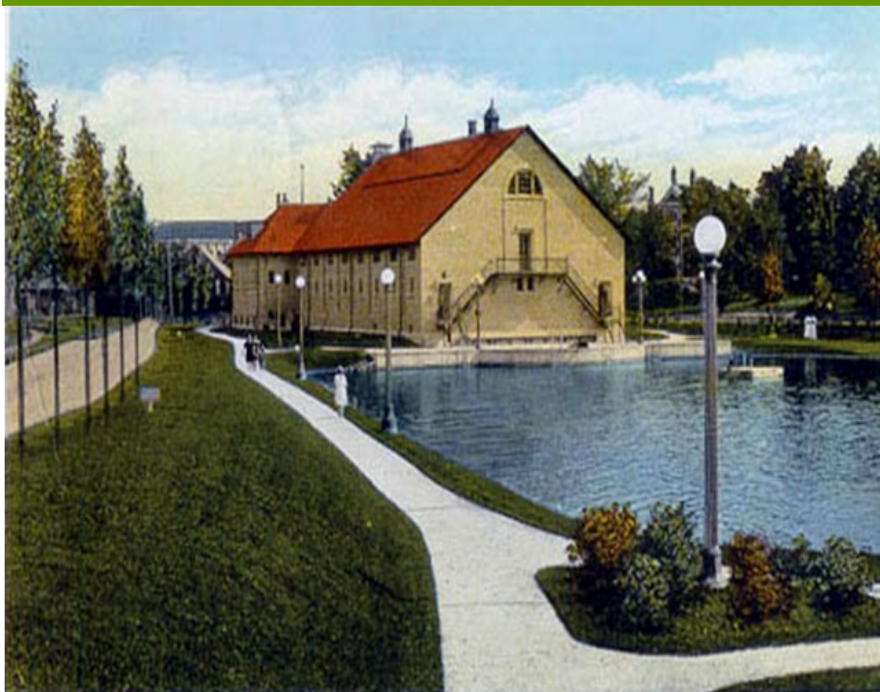

SERVICES

- Energy audit
- Energy savings analysis
- Energy profiling
- State utility incentive program recommendations

MEASURES

- Solar Thermal System Design

Department of Energy Resources-MA Greenwood Memorial Pool - Gardner, MA

UNIQUE VALUE TO CUSTOMER

ADI provided the Department of Energy Resources (DOER-MA) and the Town of Gardner a report that details the audit, associated analysis and the resulting feasibility of the potential project.

ADI reviewed the systems in the facility and considered a number of potential ECMs.
